Extraordinary care.  
Infinite possibilities.

## Clove Lakes™

Healthcare and  
Rehabilitation Center

## About us

We understand the challenges patients face in trying to rebuild their life after being hospitalized for major illness or sudden trauma. Regulations require patients be discharged from the hospital as soon as they have been stabilized. That presents a problem for both patients and their families. Many still require either daily skilled nursing care and/or continued therapies to heal completely.

If you, or someone you love, require skilled nursing care or rehabilitation services, we'd love to welcome you to take that journey with us at Clove Lakes.

## Specialized Care

### Long Term Care

When returning home to independent living is no longer an option, Clove Lakes offers the quintessential community to be a part of. Our dedicated nursing and recreational team will care for your loved ones while providing them a fulfilling life alongside their dignity and independence.

### On-Site Hemodialysis Center

We understand how uncomfortable it is to be constantly transported for hemodialysis. Our residents can simultaneously benefit from our rehabilitation and skilled nursing services while receiving hemodialysis on-site.

Our state-of-the-art dialysis center offers a full team of medical care professionals to help our residents navigate through life while they receive comprehensive renal care.
